

Ariharan

Hi Tamil,

First off... Happy birthday!

I've known you as a boy next door from hostel.

Never did I know that you'll become a part of
my college life!

All the pranks, talks, movies, study sessions, dissections...
Much more memories to cherish!

From bitching our teachers to thrashing guys on their
birthdays, we had so much fun.

Rotaract changed you as a person, became more socializing.
I like how you blend in at all circumstances
eventhough you barely know ppl.
Don't lose it. That's your strength!

Be happy, Be confident and never let someone control or
manipulate you!

Happy Birthday once again!
