Hi Tamil,

Namma 2 perku iruka mukiyamana otrumai  
namaloda paathi peru...

Namma friends una koopta apolam nan thirumbi  
neraya time bulb vangiruken...

1st year la irunthu last year varaikum en kannuku nee oru  
amaithiyana pulla marithan therinja and jolly too

Though we had spent only few moments, I cherish all those moments... from solving that queen problem in 2nd sem to playing chess in final sem♥♥

We all set in different paths due to fate...

Don't fear and do the duty with faith I assure it will pay us definitely one day...

All the difference is caused just because of this society only but in reality we all are same in nature...

I believe everyone has infinite strength and talent...

One day it will burst out from you...

We friends are always here to support you when you are in need...

I would not say that as help but it's our mandatory duty ..

So always be free to call us to do our duty♥and at last

இனிய பிறந்த நாள் வாழ்த்துகள் தமிழ்
